Cara Menambah User

Yang bisa melakukan penambahan user adalah user dengan level sebagai **ADMIN**

1. Silakan **login** terlebih dulu menggunakan user admin

2. Masuk ke menu **About→Add User**

3. Masukan Username , Password, dan Password Confirmation, Lalu klik tombol Save

Django administration

GeoNode admin View site

Home > People > Users > Add user

Add user

Username
Required. 150 characters or fewer. Letters, digits and @/./+/-/_ only.

Password

Password confirmation
Enter the same password as before, for verification.

Save and continue editing Save and add another **Save**

4. Selanjutnya akan masuk ke pengisian detil informasi pengguna dan pengaturan level user. Silakan diisikan informasinya, dan pilih permissionnya aktif dan staff status (jika diijinkan untuk upload data)

Django administration

GeoNode admin View site

Home > People > Users > Wendra

Personal info

First name

Last name

Email address

Permissions

☒ Active
Designates whether this user should be treated as active. Unselect this instead of deleting accounts.

☒ Staff status
Designates whether the user can log into this admin site.

☐ Superuser status
Designates that this user has all permissions without explicitly assigning them.
