Public (invite-only): Hanya user yang di invite bisa melihat dan bergabung di grup

Private: semua user termasuk anggota grup tidak bisa melihat detail g

The screenshot shows the 'Create Group' interface in GeoNode. At the top, there's a navigation bar with links for Data, Maps, Apps, and About, along with a search bar and a user profile icon labeled 'admin'. The main form area contains the following fields and options:

- Email:** A text input field containing 'ppig@big.go.id'. Below it, a note states: 'Email used to contact one or all group members, such as a mailing list, shared email, or exchange group.'
- Keywords:** A text input field containing 'ppig'. Below it, a note states: 'A space or comma-separated list of keywords'.
- Group Type:** A dropdown menu with three options: 'Public', 'Public (invite-only)' (which is selected and highlighted in blue), and 'Private'.
- Explanatory Text:** Below the dropdown, there is text explaining the group types: 'Public (invite-only): Any registered user can view the group. Only invited users can join.' and 'Private: Registered users cannot see any details about the group, including membership. Only invited users can join.'
- Categories:** A large empty text area for adding categories.
- Create Button:** A blue button labeled 'Create' located at the bottom left of the form.

The footer of the page contains navigation links for Data (Layers, Documents, Remote Services, Upload Layer), Maps (Explore Maps, Create Map), and About (People, Groups, Announcements, Invite Users). It also mentions 'Powered by GeoNode version 3.2.2' and provides links for 'Developers' and 'About'. A language dropdown menu is set to 'English'.
